OPERATION (Casual Professional)

For dog walking colleagues/network

Subject: Heads up - Kennel Cough in my network, clients might reach out

Hi [Name/Team],

Quick heads up - I've got a kennel cough situation in my walking network (number of current confirmed cases, number of dogs under monitoring).

Just so you know:

- Started [Date]
- I'm managing it with isolation protocols and home-based walks
- Some of my clients might reach out to you for temporary coverage while their dogs are in isolation
- Happy to share my outbreak protocol if it's useful for your business

If any of my clients contact you:

- They're lovely people, well-behaved dogs
- Just need temporary solo walks from home during isolation period
- I've briefed them that any coverage would be at your standard rates
- No pressure at all just wanted you to have context if they call

Mutual support: Obviously happy to return the Favor if you ever need overflow coverage or have a similar situation.

Let me know if you want me to send over my management protocol - might be handy to have in your back pocket!

Cheers,

James Hiking Hounds
